

WHITCHURCH

THANK YOU !!

You Completed 228 Village Questionnaires

An amazing response!

The Whitchurch Plan Steering Group asked what you thought about how our village should grow and develop. We knocked on your doors and collected questionnaires. We worried about how many responses would be received, but we didn't need to worry. You showed you care a lot about our village and completed a fabulous total of 228 questionnaires. What a result!

What happens next?

Your questionnaires are being analysed to see if the village supports the creation of Community Led and Neighbourhood Plans.

On July 8th the Steering Group will present the headline results complete with recommendations to the Parish Council.

We'll publish a detailed analysis of your responses and our recommendations to the Parish Council after the PC meeting.
