

www.whitchurch.org

It's back! Our village website has been given a modern makeover and updated with the help of volunteers from the Village Plan Group and the web design skills of Little London resident Paul Smith.

By the village, for the village, about the village.

It's a community site, with a focus right now on the village's response to the Coronavirus emergency and local resources that are available to help. There is still a lot of work to do and new pages to add, but please spread the word around your friends and neighbours – safely of course!

Calling village groups and businesses

If you're part of a community group that would like a spot on the website, or if you know of something that could benefit residents and therefore should be added please use the form on the Welcome Back news page . We also want to hear from local businesses who would like to advertise on the site.

Keep coming back to the website, as more will be added in the coming weeks and months.

Thank you for all the amazing feedback on the site already!
